nikhilkutinha@protonmail.com

Creative full-stack web developer with a flair for developing clean and robust web applications. 5+ years of hobbyist experience with various web-based languages and frameworks. Passionate about implementing user-friendly platforms with simple functionality. Seeking to develop my skills and provide assistance in a challenging work environment.

SKILLS

- **Languages**

Experienced in - JavaScript, TypeScript, Python, PHP, HTML, CSS, SCSS.

Familiar with - C, C++, C#, Java, Bash, Batch.

- **Frameworks**

Experienced in - Laravel, Django, Vue, Vuex, React, Nuxt, Next, Tailwind, Bootstrap, Bulma.

Familiar with - FastAPI, Flask, Express, Svelte, Redux.

- **Tools and Other**

- Linux, Git, PostgreSQL, MySQL, Docker, Nginx, HAProxy, Jira, Confluence.
- Familiar with software engineering principles such as SOLID, DRY, etc.

EXPERIENCE

- **OnePercent Software** - www.onepercent.club

- **Web Development Internship** (Jan 2021 - Feb 2021)

I was responsible for the development of a compilation system that served as a backend for an e-learning mobile application. Included focus areas were security, virtualized environments in the form of docker containers, and mitigating existing loop performance issues on an existing codebase.

- **Freelance Work** (May 2021)

I was responsible for the implementation of an OAuth system for an e-commerce application. Included

focus areas were JWT authentication using Firebase.

- **TranquilSpaces Architecture** - www.tranquilspace.co.in

- **Freelance Work** (April 2022)

I was solely responsible for the development of the aforementioned portfolio website using a design that was provided to me. I worked closely with the client to fulfill various requirements. Included focus areas were React, Tailwind, Framer motion, and SEO using Next.

- **Cratonn Services** - www.cratonn.com

- **Freelance Work** (April 2021)

I was responsible for the development of an e-commerce platform for the business. Included focus areas were WordPress and WooCommerce along with implementing custom requirements using PHP.

EDUCATION

- **Bachelors in Computer Applications** (2019 - 2022)

St. Joseph's College - Bangalore, India

- The aforementioned degree is currently being pursued with an expected graduation date of August 2022.
 - GPA acquired so far - 8.25.

- **12th Grade - PUC Board** (2017 - 2019)

Indian Academy College - Bangalore, India

- Final acquired percentage - 91%.

- **10th Grade - NIOS Board** (2016 - 2017)

St. Vincent Pallotti School - Bangalore, India

- Final acquired percentage - 77%.

HOBBIES & INTERESTS

I tend to spend my spare time expanding my knowledge about technology and programming. I also enjoy

listening to music, playing video games, learning about astronomy, and challenging my physical limits by working out.
